The Lord's Feast

Politicians get ugly at this point in the race. To outdo one another they call each other names, make up things to show another's weakness, and distort the truth about their opponent. I don't like this part of the election process and I hope it passes quickly. I wonder if the political pundits ever read Jesus message in the Sermon on the Mount? The critical part about "doing unto others as you would have them do unto you." Maybe they have and that's why they get so ugly. They dish it out in order to receive it from the opposition.

Seems to me Jesus teaches a way of life that makes life better rather than worse. Jesus' teachings bring blessings to those who hear and practice his instructions about life and relationships.

He treated everyone with love and dignity, even though he disagreed with some, they in turn beat him and crucified him. jw

Winterfest was an amazing trip yet again this year. I am always impressed by the way that it can energize, and convict, and challenge, and encourage our teens all at the same time. We had a great time, and I want to thank everyone, who went, for being such a great group. Thanks for everyone who was willing to give of them selves and to give up their time, their energy, and their sleep to make this trip possible. It is greatly appreciated and we could not do it without you.
